Passengers are being corralled and held back by MTA Officers and CTU Agents. Amidst the commotion and JACK on the phone

JACK
 (into phone)
 Michelle, we just lost Rabens. He changed the GPS beacon on an innocent.

MICHELLE
 So he still has the vehicle.

We have to assume so. We've gotten very far. We're sweet the station now.

We locked down the entire building. We're gonna start moving passengers through monitored checkpoints.

How will you find Rabens? The sketch artist doesn't have anything.

JACK
 We need Saunders to make an ID over Move him from Holding to Chloe's station. We're setting up a live feed, it should be in a few minutes. (about 3)
